

Log Sheet: 05

Meeting No: 05

Date: 2025/03/18

Last Visit Date: 2025/03/12

Start Time: 10:15 AM

End Time: 11:00 PM

Items Discussed:

- Discuss the user home screen design
- Implement register and login functionality for user, and admin.

Achievements:

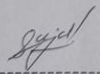

- Users and admins login and registration backend is completed
- OTP Verification is successfully implemented.
- System functionality tested successfully

Problems (if any):

- None

Tasks for Next Meeting:

- ~~Start~~ Working on the user interface design for the admin dashboard.
- ~~Begin~~ Developing the Doctors registration and login system.

Sujal Gurung

Sandip Dhakal
(1st Supervisor)

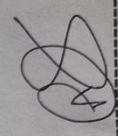

Problems (if any):

- None

Tasks for the Next Meeting:

- Implement and test the login registration functionalities.

Sujal Gurung

Achyut Parajuli
(2nd Supervisor)

Log Sheet: 03

Meeting No: 03

Date: 2024/12/31

Last Visit Date: 2024/12/25

Start Time: 10:00 AM

End Time: 11:00 PM

Items Discussed:

- Discussed Use Case Diagram and Collaboration Diagram.
- Checked Sequence Diagram for Register and Appointment with similar journals.

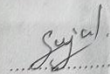

Achievements:

- Sequence Diagram and Collaboration Diagram of Register and Appointment reviewed.

Problems (if any):

Tasks for the Next Meeting:

- Research and create DFD level 0 and level 1

Sandip Dhakal
(1st Supervisor)

Log Sheet: 04

Meeting No: 04

Date: 2025/03/12

Last Visit Date: 2024/12/25

Start Time: 10:15 AM

End Time: 11:00 PM

Items Discussed:

- Discussed DFD of Register, Login, appointment
- Reviewed collaboration diagram
- Discussed about UI design, colour theory and system requirement specification documentation.

Achievements:

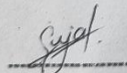

- Collaboration diagram is completed
- Software requirements specification (SRS) documentation has been started.
- DFD of login, register, appointment, and doctor registration is completed

Problems (if any):

- None

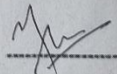

Tasks for Next Meeting:

- UI/UX design of login and register.
- Start working on login and registers code.

(1st Supervisor)

Log sheet

Meeting No: 01

Date: 2024/10/02

Start Time: 10:30 AM

End Time: 11:30 AM

Items Discussed:

- Requirements of project were discussed.
- For user interface / user experience we need to do research journal and find similar apps for inspirations and ideas.
- Having idea about Color theory and layout helps in UI/UX design.
- We discussed having Backed-up Features, applications helps in project.
- We discussed about Database modeling, workflow, entity relationship design, etc.

Achievements:

- Updated the methodology to the incremental methodology.

Problems:

Tasks For Next Meeting:

- Research about the project and learn about the data flow.
- Find 5 journals / published paper and 5 similar apps and research ERD of those 5 similar journals and apps. → *ERD, actors & roles* → *data flow & sequence*

Sandip Dhakal
(1st Supervisor)

Log Sheet: 06

Meeting No: 06

Date: 2025/04/27

Start Time: 10:15 AM

Last Visit Date: 2025/03/16

End Time: 11:00 PM

Items Discussed:

- Discuss the user home screen design
- Discussed about the doctors registration feature.
- Discussed the implementation of appointment booking system.
- Discussed about the patients medical history implementations.

Achievements:

- Successfully implemented the appointment booking system, allowing users to book appointments.
- Developed profile management with edit functionality and availability scheduling features.
- Implemented QR code scanning for secure verification of booked appointments.
- Implemented functionality doctors to add and manage patients medical history along uploads reports.
- Developed salary management where admin can generate and send salaries invoices to doctors.

Problems (if any):

- None

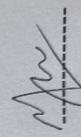

Tasks for Next Meeting:

- Integrating payment system using Esewa.
- Develop a confirmation page for booking doctor appointments.

Sandip Dhakal
(1st Supervisor)

Log Sheet: 02

Meeting No: 02

Date: 2024/11/26

Start Time: 10:00 AM

Last Visit Date: 2024/11/26

End Time: 11:00 PM

Items Discussed:

- UI theme should have consistent and meaningful color.
- GitHub and Discord Integration to get live updates of the FYP to Supervisor.
- Going through at least 5 journals related to FYP Project.

Achievements:

- Researched through Journals that are related to my Project
- Integrated my GitHub Project with Discord successfully.
- Researched through UI theme for my FYP.
- Developed ERD.

Problems (if any):

Tasks for the Next Meeting:

- Finalize Entity Relationship Diagram (ERD).
- Research and Create Use Case Diagrams and ~~Data Flow Diagrams~~ *UML, actors & roles,*
- ~~Research about Entity Flow~~ *Collaboration on points*

Log Sheet: 01

Meeting No: 01

Date: ~~2025/03/18~~ 2025/04/11

Start Time: 8:30 AM

End Time: 9:00 AM

Items Discussed:

- Research on 5 similar Projects and Journals. ✓
- Research on Entity Relationship Diagram that shows the theoretical structure of data base. ✓
- Research on Sequence Diagram, Collaboration Diagram of Login and Register. ✓
- Research on Colour Theory.
- Review of Login/Register Frontend of the Project.
- Discussion on JWT Authentication and Dependency Injection.
- Testing of Backend of Login/Register via Postman requests.

Achievements:

- Created a GitHub repository for proper version control, collaboration, and secure storage of project files.
- Finalized Entity Relationship Diagram of the Project.
- Designed Sequence Diagrams, Collaboration Diagrams and DFDs.
- Finalized the Software Requirements Specification (SRS), which outlines all project requirements, ensuring alignment with the project's objectives.
- Testing of Login/Register via Postman requests.
